

SPONSORSHIP OPPORTUNITY

AI & A2J Summit: Learning and Innovating Together

Artificial intelligence is rapidly transforming the legal profession. The AI & A2J Summit will ensure that Maryland's legal aid community is poised to responsibly avail the enormous potential of AI to transform our workflows, ease our heaviest administrative burdens, and give us back time to focus on what matters most: expanding access to justice for people with low incomes.

The **Maryland Access to Justice Commission** and **Maryland Legal Aid** are pleased to invite you to become a sponsor of the inaugural **AI & A2J Summit: Learning and Innovating Together**, taking place on **September 17, 2026, in Columbia, Maryland**.

This first-of-its-kind gathering will bring together 100-150 executive-level leaders and decision-makers from civil legal aid organizations, courts, bar associations, community partners, and other justice stakeholders to explore how artificial intelligence can responsibly and effectively advance access to justice. As a sponsor, your organization will be recognized as a leader supporting responsible innovation, collaboration, and equitable access to justice.

Sponsorship Opportunities

Visionary - \$5000	Catalyst - \$3000	Builder - \$1500
Three (3) complimentary event registrations	Two (2) complimentary event registrations	One (1) complimentary event registration

Special opening remarks recognition from the podium		

Your sponsorship helps support:

- no-cost registration for our civil legal aid community
- expert speakers
- hands-on demonstrations
- networking among justice leaders
- development of a collaborative AI ecosystem in Maryland

We would be honored to discuss sponsorship opportunities with you and welcome your partnership in this important effort.

Thank you for your consideration and commitment to advancing equal justice.
